

TURBO SET 90 O2 12X1 dx

**Technical Data Sheet**

Description	basic features
Product	Value
Model	kit for oxypropane welding
Type	TURBO SET 90
Customs tariff	Welding Gas Equipment
Barcode	84682000
Gas to be used	8011971115053
Average minimum duration	Oxygen and MaxyGas
Approval certificate	Maxy Gas 3,5h - 92g/h - Oxygen 0,5h
Marking	Apragaz EN ISO 5172 - EN ISO 2503 - EN 1327 - EN2539
Max Temperature	Batch Nr. on the trolley / Manufacturer logo on the handgrip
Safety devices	3.000°C
Flexible hoses lenght	Nr. 2 built-in Flashback arrestors on the regulator/gas tap and Nr. 2 in the handgrip
Ignition device	mt 2,0
Flame spread device	Manual
Oxygen Pressure reducer	Assembled Nozzle (2 components) with integrated support device
Gas tap	MIGNON oxygen pressure reducers with buil-in Flashback arrestor, Apragaz approved in compliance with the UNI EN ISO 2503 reaulation
Included Accessories	7/16" Gas Tap with built-in Flash Back arrestor, DVGW approved in compliance with the EN512 -417 Regulation
Transportation device	Protective goggles - Lighter - Multipurpose spanner - 4 nozzles star - Filler Metals
Weight	Metal red painted Trolley (Ral 3000) with fastening brakets for the bottles
	5,4 Kg
